Hi Jenny & Drew –

Can you all please include my office on these items in the future, including myself, [Saxena.Juhi@epa.gov](mailto:Saxena.Juhi@epa.gov), and [Zobrist.Marcus@epa.gov](mailto:Zobrist.Marcus@epa.gov)

We're the permitting/implementation side, and Julie/Tom and folks are the technology/standards folks.

Thanks!

**Subject:** Re: Please Review: Agenda for the July 2 316b ESA Senior Manager's Meeting

Hi Tom,

Thanks for the agenda. The Services had a chance to meet last week and discuss recommendations for the 316b regulation. We incorporated those recommendations into track changes (attached), and we were hoping to discuss those at the staff meeting at noon tomorrow.

Also, NMFS put together an excel spreadsheet to track our progress and keep track of which recommendations are incorporated into the rule and which are not. We (NMFS) will be using this or a version of this document throughout our consultation so that EPA knows what to expect in our biological opinion.

Also, I would like to introduce you to our Acting Division Chief, Kris Petersen. Kris may not be able to attend the staff meeting tomorrow, but she will be at the Senior Manager's meeting, and she may participate in future staff meetings.

Looking forward to productive meetings tomorrow!

Jenny
